Water Treatment Device
Certificate Number
97-1263

Date Issued: January 31, 1997

Trademark/Model Designation

Microline T.F.C.-4

Replacement Elements

Prefilter S7028
R.O. Membrane S1227RS
1st Post Filter S7025
2nd Post Filter S7206C-06

Manufacturer: Microline

The water treatment device(s) listed on this certificate have met the testing requirements pursuant to Section 116830 of the Health and Safety Code for the following health related contaminants:

Microbiological Contaminants and Turbidity

None

Inorganic/Radiological Contaminants

Barium
Cadmium
Chromium (Hexavalent)
Chromium (Trivalent)
Copper
Fluoride
Lead
Mercury
Nitrate*
Nitrite
Radium 226/228
Selenium

Organic Contaminants

None

Rated Service Capacity: 11.9 gpd

Rated Service Flow: not applicable

*The nitrate reduction provided by the device listed on this certificate is acceptable for the treatment of influent concentrations up to 30 mg/l. A sampling and analysis test kit for nitrate is provided for checking the performance of this system. Frequent analysis is encouraged.

Do not use where water is microbiologically unsafe or with water of unknown quality without adequate disinfection.
